Subject: RE: Call tomorrow

Hi Candice. Please do. I think Screen sharing would help us to run through figures, tables and formulas.

Thank you. We'll talk tomorrow.

Steve

Steve- I am looking forward to talking to you tomorrow. We had discussed you giving us a presentation on calculation of limits for Kasson (with information on the modelling) and potentially Glencoe or another example where you use a mass balance approach. Would you like me to set up a webinar link to assist in that? I was going to do that this morning if so.

Again. Looking forward to talking soon.
Candice
